

PolyU Distinguished Knowledge Transfer Awards 2012

Hong Kong Polytechnic University's Distinguished Knowledge Transfer Awards 2012 Presentation Ceremony was held on 14 June 2012. HAESL and PolyU have been collaborating closely on many industrial projects since 2002. HAESL is honoured to be conferred the PolyU Distinguished Knowledge Transfer Partnership Award, which recognises our mutual long-term collaboration.

During our partnership over the past decade, we have jointly undertaken many different and innovative projects. These projects not only help improve the efficiency and throughput of our business, but also facilitate the future growth in our repair capability. In addition, PolyU provides tailor-made training for new HAESL recruits, focusing on the acquisition of relevant practical skills. This partnership continues to greatly enhance our business potential.

2012 香港理工大學卓越知識轉移獎

港發與香港理工大學自二零零二年開始合作，我們很榮幸於六月十四日由理大舉行的 2012 卓越知識轉移獎頒獎典禮中獲頒卓越知識轉移夥伴獎，以表彰我們雙方保持長期合作關係。

在過去十年的夥伴關係中，我們進行多項嶄新的合作項目，這些合作項目不僅有助改善我們的生產效率及產量，更有助我們日後發展維修能力。此外，理大更為港發的新入職員工度身訂造一系列專業技術培訓，旨在提升新員工的技術能力。我們的合作對公司的未來發展很有幫助。
